

Custom Cable Reels

Built the way you need it

Custom Reels for a Custom Fit

UEA specializes in providing custom cable reels. We can handle many requirements for specific cable reels outside of the standard reels shown in this catalog. UEA can help with your specific application needs.

- Teach pendant reels provide absolute reliable transmission of Profibus, DeviceNet, CC-Link, ControlNet, J1939, and other sensitive signal data
- Bar code winding reels can be used for inventory control in warehouses and shipping and receiving locations
- Anti-two block reels allow for functional safety mobile lifting equipment
