

## 40 SERIES - Compact Spring Driven Models

When you need a high quality cable reel that's small on size yet big on power, take a closer look at UEA's 40 Series. It's half the size of our larger 90 Series, making it the perfect choice when you have limited space for reel mounting or if you require a small diameter cable reel.

- R40 reel is perfect for small diameter (up to 0.375") cable up to 50 feet
- R44 and R46 reels have shorter length, larger diameter cable

Model No. Standard Model	Max. Length	Wire Ga.	No. of Conductors	Std. SOW-A Cable Dia.
R46L6P3	30'	16	3	0.390
R46L6P4	30'	16	4	0.420
R46L6N3	30'	14	3	0.540
R46L6N4	30'	14	4	0.580
R44L8P3	40'	16	3	0.390
R44L8P4	40'	16	4	0.420
R46L5M3	25'	12	3	0.600
